Work Experiences

Section 508 Tester/Developer   1/2016 to 3/2016
TWD & Associates, McLean, VA
- Worked with UI/UX designers and developers to ensure that Section 508 is incorporated correctly into software and web applications.
- Performed various tests on DHS applications, including Unit Testing, Regression Testing, System Testing, Integration Testing, and Smoke Testing.

Web Development Immersive Student   3/2015 to 7/2015
General Assembly, Washington, DC
- Established fluency in web development through completion of an intensive 12-week program focused on common best practices in object-oriented programming, MVC frameworks, data modeling, and test-driven development.

USA Today Web Development Project   April 20, 2015 to April 24, 2015
Geo-Pic: Ruby on Rails project that allows users to search through a database of Flickr pictures by country or city to explore places they've never been
Website address: https://geo-pic.herokuapp.com

Restaurant Locators Project   June 1, 2015 to June 4, 2015
Restofy: Developed an application that allows users to browse through a database of restaurants in Washington, DC visualized on a map.
Website address: http://restofy.herokuapp.com

Special Hire: Data Specialist — 6/2014 – 9/2014
Department of Defense Education Activity, Alexandria, VA
- Conducted background research for all schools under Department of Defense around the world.
- Completed data entry into a proprietary SQL databases used for research analyses.
- Created graphics and design layouts in Adobe InDesign for research briefs and online forms.

House of Representative Data Entry Clerk — 1/2014 – 5/2014
Hawaii State Capital, Honolulu, HI
- Reviewed legislative bills to ensure all paper and online copies were the same as the signed original (including bill number and signatures) and made sure any subsequent amendments were based on the original bill.
- Input the proper reference codes and "commit" all the bills online to post to the legislative website for official viewing.
- Maintained the status and Hearing schedule for all bills during the 2014 session on the state's website.

Parts Warehouse and Inventory Assistant — 1/2014 – 5/2014
Infinity of Honolulu, Honolulu, HI
- Managed auto parts inventory in the warehouse and insured that quantities on hand were consistent with the inventory system.
- Check-in and inspect delivery parts to ensure that they are not damaged or missing, then update the system.
- Direct parts to the internal and external customers based on the orders.
- Organize auto parts in the warehouse inventory.

Congressional Intern — 6/2012–11/2012
U.S. House Representatives of Congress, Washington DC
- Worked for Congresswoman Mazie Hirono.
- Reviewed constituents' emails and postal mails, and responded to their issues via email or postal mail.
- Assisted senior staff members: organized the schedules for visitors from Hawaii, arranged mail deliveries, delivered correspondence and briefings to Rep. Hirono.
